Ah, Sovereign LORD, you have made the heavens and the earth by your great power and outstretched arm. Nothing is too hard for you." - Jeremiah 32:17

God is so big, but He loves the little things. He's the one that made the mountains, but he also created every tiny snowflake that falls on top of them. He made the whole world, and he made every single cell in our body, every hair on our head. God is big, and He's big enough to be involved in all the small things. There's nothing our God can't do.

Join us for summer 2012, when we discover a big God that still fits into our world. Your kids will learn that while God is bigger than we can possibly imagine, He's still intimately involved in our every day lives. Nothing is too big, and nothing is too small.

\$269 per camper
